

Atlanta, GA. 2MNEXT is pleased to announce the addition of Anu Saxena, P.E. as Chief Strategy Officer / Chief Operations Officer, Executive Vice President, and Managing Principal Engineer. In this role, Anu will help direct and manage the firm's diversification, growth, and expansion into key services and geographies.

Mr. Saxena has over 28 years of progressively increasing leadership and strategic management experience combined with more complex technical responsibilities primarily in the fields of forensic engineering, geotechnical engineering, construction materials testing, and pavement management. His expertise includes analysis, design, and performance of foundations, site/soil improvement, pavements, building distress, embankments, load testing of deep foundations, and engineering aspects of natural phenomenon over a wide range of applications.

He has earned: an M.B.A. from the Massachusetts Institute of Technology, an M.Eng., Geotechnical Engineering from Cornell University, and a B.S. Civil Engineering from the University of Florida. He has been recognized with multiple awards by his peers for his leadership, service, and contributions to the engineering community as well as the communities in which he lived.

"Anu joins our firm as we look to dramatically grow and expand. His proven track record of growing firms and delivering project success across the southeastern United States is the reason why we are so pleased to have him on our team. Our working relationship goes back over 2 decades on work in the Atlanta area" comments Subash R. Kuchikulla, President and CEO of 2MNEXT.
